**Subject:** notes from 4/27 call

All: I attached a summary of the teleconference discussion on Thursday, 27 April 2017. The primary technical issue right now is obtaining WDNR concurrence (and funding) for the additional wells jointly recommended by LDF and LCD. The critical path leads thru resolving data model issues, sufficient to release the model for WDNR review. Thank you for your efforts.

Vr,

Anthony Greenwater, Director
